A full-stack developer with over 18 years of experience. The setup for my last three projects is AWS / Serverless / Lambda / NodeJS / Typescript for the backend, Angular / React / VanillaJS / WebComponents for the front end, Cypress / Jest / Endtest for testing, and CI/CD / Terraform for ongoing automation.

Professional Experience

Vocably, Weesp, NL

Software Engineer

Nov 2021 - Present
5 years

AWS | GCP | Terraform | NodeJS | React Native | Angular | OAuth | Browser Extensions | Typescript

Independently developing and marketing an open-source language learning platform.

Air France/KLM, Amstelveen, NL

Software Engineer, Contract

Nov 2022 - Nov 2024
2 years

NodeJS | Typescript | CI/CD | GitHub Actions | Kubernetes | Angular | A/B Testing

A software/DevOps engineer for Air France and KLM web ticket sales and passenger check-in. If you've ever purchased tickets through KLM or Air France, you interacted with this system. It generates approximately €1 billion each month.

Athyria, Seattle, USA

Software Engineer, Contract

Feb 2021 - Nov 2021
8 months

AWS | Terraform | NodeJS | Angular | OAuth

Completed two boring internal projects for John Deere. No-one needed nor loved those apps. But Mr. John Deere paid generously and on time, so I didn't mind participating.

DAZN, Amsterdam, NL

Platform Engineer

Jul 2019 – Jan 2021
1.5 years

AWS | Terraform | NodeJS | GraphQL | React | Mobx | Redux | Webpack | Jest | Storybook

DX engineer for a high-load media streaming platform.

KLM Royal Dutch Airlines, Schiphol, NL

Senior Frontend Developer, Contract

Feb 2017 – Jun 2019
2.5 years

Angular | Ionic | RxJS | NgRx | Typescript | SASS | Webpack | Jest

Bootstrapped, maintained, and passed over to another team an internal mobile app.

My 330 users (grumpy KLM mechanics at Schiphol) loved the app because it was amazingly predictable.

Reference: Önder Ceylan, Tech Lead

Knab hypotheek, Amsterdam, NL

Senior Frontend Developer

Jun 2014 – Feb 2017
2.5 years

AngularJS | Karma | Protractor | SASS | Gulp | Bootstrap | PHP | Symfony | MySQL | PHPUnit | AWS | Heroku

A developer for a mortgage calculator app. The project was boring as hell, but it provided a residence permit for me, and the team was lovely.

Reference: Mark Sizoo, Tech Lead

upwork.com, Mountain View, USA

Senior Frontend Developer, Contract

Oct 2012 – Jun 2014
1.8 years

Javascript | jQuery | qUnit | Grunt | Selenium | Compass/SASS | PHP | Zend | Postgres

And internal frontend developer for the Job Posting team of world's leading freelance marketplace. The "frontend" was a lot of backend and Linux administration back in the days.

Reference: Sean Kane, Vice President of Engineering

Career insights

2010 – 2012
Full stack freelancer (PHP, JS, SQL, Linux, CI/CD) for small and middle-sized projects.
All of my clients gave me a 5-star rating. Reviews are available here. Must register to see them. Sorry.

2005 – 2010
Junior/middle full-stack developer (PHP, JS, SQL, Linux).
Sorry, GameWatcher and RecordNerd.com, for unknowingly letting me practice the craft of web development on you.

2000 – 2003
Worked as visual designer for a local TV channel. Acquired an eye for objects composition, color matching, and animation.
