A full-stack developer with over 18 years of experience. The setup for my last three projects is AWS / Serverless / Lambda / NodeJS / Typescript for the backend, Angular / React / VanillaJS / WebComponents for the front end, Cypress / Jest / Endtest for testing, and CI/CD / Terraform for ongoing automation.

Professional Experience

Vocably, Weesp, NL

Software Engineer

Nov 2021 - Present
5 years

AWS | GCP | Terraform | NodeJS | React Native | Angular | OAuth | Browser Extensions | Typescript

Independently developing and marketing an open-source language learning platform.

Air France/KLM, Amstelveen, NL

Software Engineer, Contract

Nov 2022 - Nov 2024
2 years

NodeJS | Typescript | CI/CD | GitHub Actions | Kubernetes | Angular | A/B Testing

A software/DevOps engineer for Air France and KLM web ticket sales and passenger check-in. If you've ever purchased tickets through KLM or Air France, you interacted with this system. It generates approximately €1 billion each month.

Athyria, Seattle, USA

Software Engineer, Contract

Feb 2021 - Nov 2021
8 months

AWS | Terraform | NodeJS | Angular | OAuth

Completed two boring internal projects for John Deere.

DAZN, Amsterdam, NL

Platform Engineer

Jul 2019 – Jan 2021
1.5 years

AWS | Terraform | NodeJS | GraphQL | React | Mobx | Redux | Webpack | Jest | Storybook

DX engineer for a high-load media streaming platform.

Reference: Cirpo Cinelly, Engineering Manager

KLM Royal Dutch Airlines, Schiphol, NL

Senior Frontend Developer, Contract

Feb 2017 – Jun 2019
2.5 years

Angular | Ionic | RxJS | NgRx | Typescript | SASS | Webpack | Jest

Bootstrapped, maintained, and passed over to another team an internal mobile app.

My 330 users (grumpy KLM mechanics at Schiphol) loved the app because it was amazingly predictable.

Knab hypotheek, Amsterdam, NL

Senior Frontend Developer

Jun 2014 – Feb 2017
2.5 years

AngularJS | Karma | Protractor | SASS | Gulp | Bootstrap | PHP | Symfony | MySQL | PHPUnit | AWS | Heroku

A developer for a mortgage calculator app. The project was boring as hell, but it provided a residence permit for me, and the team was lovely.

Reference: Mark Sizoo, Tech Lead

upwork.com, Mountain View, USA

Senior Frontend Developer, Contract

Oct 2012 – Jun 2014
1.8 years

Javascript | jQuery | qUnit | Grunt | Selenium | Compass/SASS | PHP | Zend | Postgres

And internal frontend developer for the Job Posting team of world's leading freelance marketplace. The "frontend" was a lot of backend and Linux administration back in the days.

Reference: Sean Kane, Vice President of Engineering

Career insights

2010 – 2012
Full stack freelancer (PHP, JS, SQL, Linux, CI/CD) for small and middle-sized projects.
All of my clients gave me a 5-star rating. Reviews are available here. Must register to see them. Sorry.

2005 – 2010
Junior/middle full-stack developer (PHP, JS, SQL, Linux).
Sorry, GameWatcher and RecordNerd.com, for unknowingly letting me practice the craft of web development on you.

2000 – 2003
Worked as visual designer for a local TV channel. Acquired an eye for objects composition, color matching, and animation.
